Sir:

Changes to the claims are presented in the Amendment attached herewith. The paper
presents a status of claims and support for changes to claims under §1.173(c).

STATUS OF CLAIMS

Claims 1-42 and 44-46 are pending, and Claim 43 has been previously cancelled.

SUPPORT FOR CLAIM CHANGES

Claims 11, 12, 22, 30, and 37

Claim 11 has been amended to reinstate a recitation previously deleted in the reissue application. Specifically, Claim 11 has been amended herein to recite the step of "delivering the flow of superheated steam to basal leaves adjacent to developing grape berries," support for which is found in the original Claim 11.

Claim 12 has been amended to reinstate the recitation of the original claim 12.

Claims 22, 30, and 37 have been amended to cite steam "in which substantially all water droplets are removed from the steam before forming superheated steam," or its equivalent. Support for this recitation is found, for example, in column 6, lines 12-13 of the original patent

Claims 44 – 46

Claims 44 – 46 were previously presented in the Amendment of January 31, 2002. It was noted that these claims were not previously presented in the form required by §1.173(c). Support for these claims are found, for example, in column 4, lines 49 – 55, and column 6, lines 12 – 13 of the original patent.

If the Examiner should feel that a telephone interview would be productive in resolving issues in the case, he is invited to telephone the undersigned at the number listed below.
